Papers from Canvas website

Homework
There will be approximately four reading assignments and four homework assignments. In lieu of a
final exam, the students will be required to submit a term paper involving either an extensive survey
of one area or a small project. The topic for the term paper will be assigned/selected early in the
course and students will have to work on it throughout the term. There will be project presentations
at the end of the semester. No late assignments will be accepted except under extreme non-academic
circumstances.

Examinations
There will be one midterm and no final. The midterm will be tentatively held on April 11, 2023,
possibly beyond class hours. Some of the project presentations will be scheduled on May 9, 2023
during the final exam period 2:45-4:45p.
